Call for papers

Prospective authors are invited to submit electronically 4-page papers in English.

The papers should report original and applied ideas, including experimental results. All papers will be reviewed. Each accepted paper will be published in the conference Proceedings.

The papers have to be presented at the conference.

The AE Proceedings will be submitted to the IEEE Xplore® and ISI Web of Knowledge database.

The best papers will be published in the electronic online magazine electroscope.zcu.cz

The conference language is English.

Detailed instructions for authors, registration forms, and other information are available at the conference web site.
