

Call for Participants

COST/IEEE-CASS Seasonal Training School in Fractional-Order Systems (COST/IEEE-CASS FRACTAL)

Keynotes:

Prof. Igor Podlubny
Technical University of
Kosice, Slovakia

**Assoc. Prof. Ahmed
G. Radwan**
Nile University, Egypt

Dr. Riccardo Caponetto
University of Catania,
Italy

Dr. Aleksei Tepljakov
Tallinn University of
Technology, Estonia

Dr. Todd J. Freeborn
University of Alabama,
USA

Prof. Ahmed S. Elwakil
University of Sharjah,
UAE

Dates: November 24-26, 2016

Location: Faculty of Electrical Engineering and
Communication
Brno University of Technology
Technicka 3082/12
616 00 Brno, Czech Republic

Web & Registration:

<http://fractal.utko.feec.vutbr.cz/>

No Admission Charge.

Abstract: The COST/IEEE-CASS FRACTAL training school is organized as part of the COST Action CA15225 - "Fractional-order systems; analysis, synthesis and their importance for future design" by co-sponsorship of IEEE Circuits and Systems Society (CASS) and IEEE Czechoslovakia Section & SP/CAS/COM Joint Chapter. It aims to bring together Bachelor, Masters, Ph.D. students and as well as experienced scientists working in various interdisciplinary research areas such as advanced mathematics, circuit theory, material science, control, biology, and other up to date topics in fractional-order systems, which are labeled as the "21st Century Systems".
